

WHAT IS THIS STUDY

FOR KIDS

1 WHAT IS DNA?

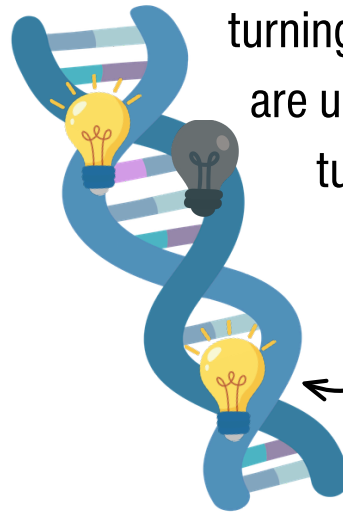

Your body has tiny instructions inside it called **DNA** 

These instructions help you grow!

2 ON/OFF SWITCH

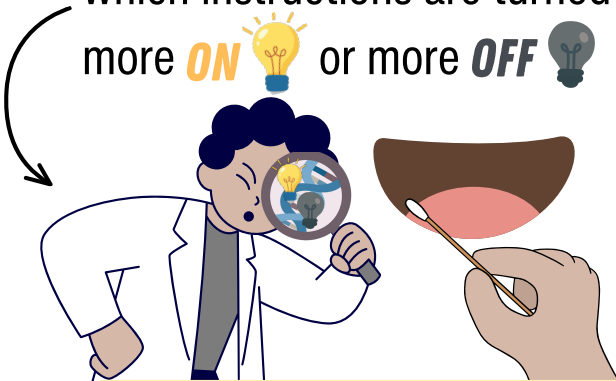

Some **DNA**  instructions are used **MORE**, like a light

turning **ON**  and some are use **LESS**, like a light turning **OFF** 

3 MOUTH SWAB

We are looking at the **DNA**  from your **mouth** to see which instructions are turned more **ON**  or more **OFF** 

4 WHAT IS THIS STUDY?

Then, we will compare the **ON**  and **OFF**  instructions in **your DNA** with your **sibling's DNA** to see if there are differences
